

Name the 'stache

Write the name of the 'stache's owner in the corresponding answer line. (BTW: we want their actual name, not the character shown if an actor.)

Two hints are on the back of the card; the first is the 'stache owner's general profession & the second is a quote, historical bit, character(s), or whatever tickled the game creator's fancy.

BTW: Quotes may or may not be directly related to the image.

Good luck!
